Стиль воздуха символически ассоциируется с ветром, духом, пневмой по гречески и дышанием. Судя по цифровым значениям, стиль воздуха становится к той поверхности, что находится между чертой земли и облаком воды. Стиль airfory - это наш первый шаг. А все складывается. Кто-то увидит тут и пирамиду и все что угодно.

Идея пришла неожиданно ведь все гениальное просто и сразу в голове. Воздух. Это сложно нарисовать, невозможно увидеть, но он жизненно необходим. Мы видим лишь проявление - и нарисовали как змея, змеиный хвост. Я тогда уверена, что направление верное и все закончим. Сказки прочитала и такой - воздух для тебе. Именно для тебе - улавливает эффект. Это все мы сделали для тебе это как воздух.

Мне лично латинка буква а напоминает суку тавриды и Адам с курчавы. Сопорены Адам. Магеландрево если схематично. Бери сынок и пользуйся.
